TEN CENTS PER WEEK

JACKSONVILLE, ILLINOIS, SUNDAY MORNING, SEPTEMBER 27, 1903.

PRICE THREE CENTS

UNDER LOCK AND KEY

AUTHORITY OF SPEYER SYNDICATE DENIED.

Deadlock Between Officials of Consolidated Lake Superior Company and Speyer Representatives.

Sault Ste Marie, Sept. 26.—The deadlock between officials of the Consolidated Lake Superior company and representative of the Speyer syndicate has developed. Mr. McNeill, of Toronto, an attorney, arrived here yesterday under order from Speyer & Co. to take possession of the plant. Before his arrival Mr. Coyne, assistant to the president, had sent a circular through all offices of the company ordering the heads of departments to keep everything under lock and key and to deny authority of the Speyer representatives. The heads of departments are ordered that if the Speyer people enter the office and attempt to show their authority to shut up everything and close the office, giving new orders nothing to work with. What the meaning of this is officials of the Consolidated company refuse to state.

General inquiry fails to authenticate the reports regarding destination or starvation here on account of the closing of the Consolidated Lake Superior mills. The facts are that those who want work keep getting it immediately, as employment agencies quickly secure all men anxious to go to work.

Philadelphia, Sept. 26.—The North American says the stockholders will on Monday move formally for a receiver for the Consolidated Lake Superior company as the surest way to protect their interests. "This action," the North American says, "has been determined upon in view of the uncertain attitude of Speyer & Co. and the conviction that the time has come when that step cannot be delayed longer without danger."

Application will be made in Connecticut, where the company was incorporated. If the petition is granted application will be made in New York for the appointment of a receiver to act in that state. This will be accompanied by a petition for an injunction to restrain the sale of Speyer collateral.

The management and board of directors of the Consolidated Lake Superior company, the North American says, "are cognizant of intended receivership moves, and it is understood, have agreed to interpose no obstacles and to give the stockholders entirely free foot in the matter."

James Picknell, upon finding he was unable to gain possession of the Consolidated Lake Superior company's plants here, to day admitted that unless he chose to resort to violence, which he should not do, his only recourse would be to go to the courts. He informed Mr. Coyne, however, that any expense incurred either in litigation or damage to plants in attempting to secure possession he could hold Coyne personally responsible.

TO EASTERN WATERS

Washington, Sept. 26.—Orders were issued at the navy department to day detaching the first torpedo boat flotilla from the North Atlantic fleet that it may prepare to proceed to the Asiatic station via the Suez canal. The flotilla comprises the torpedo boat destroyers Decatur, Barry, Bainbridge, Chauncey and Dale. They will fit out at Norfolk for their voyage and will go under convoy of the Baltimore. The trip of the destroyers is the longest ever attempted by American vessels of this type. They will be permanently attached to the Asiatic station.

AN EXPLOSION.

Menasha, Wis., Sept. 26.—With a report which shook the entire town of Twin Cities a huge pile of refuse in the "waste coop" of the Menasha Woodware company exploded to day, killing one man and injuring four others. The dead, Charles Krusz, injured: Charles Core, may die; Wm. Hambleck and two unknown Poles. Property damage small.

REBELS SURRENDER

End of Armed Resistance in the Province of Albay, Luzon.

Manila, Sept. 26.—General Ota, leader of a band of insurgents, which has been creating considerable trouble in the province of Albay, Luzon, has surrendered to American troops with twenty-eight officers and men of his command. Governor Letts, provincial executive officer of Albay, says this practically ends all armed resistance in that portion of the island, the rest of the forces of reconcentrations having been already dispersed.

IN FAVOR OF SETTLERS

Appleton, Minn., Sept. 26.—Judge Quayle has announced that he will decide in favor of the settlers in the litigation with Russell Sage. His decision will confirm title of the homestead settlers to about 25,000 acres of the choicest land in Swift, Bigstone and Stevens counties, and hold that Russell Sage as trustee of the old Hastings and Dakota Railway company has no claim whatever thereto. The litigation involves a title to fully \$1,000,000 worth of property, representing the homes and fortunes of 150 farmers.

FOREIGN NEWS

Berlin, Sept. 26.—Eight Polish women belonging to a woman's club, which held its meetings at his home of its members, have been fined at Genesee, province of Posen, for refusing to submit the constitution of the society to the police in the German language, though they offered to furnish the authorities with a copy of the document in Polish.

The editor of a paper published at Pelpin, province of West Prussia, was also fined for asserting a citizen of Karlsruhe had been imprisoned twenty-four hours because he did not know German.

Genoa, Sept. 26.—Police have arrested an anarchist named Bartoloni, who is accused of complicity in a plot to kill King Alfonso.

PEACE PATCHED UP.

Kansas City, Sept. 26.—Peace was patched up between the Buchanan and Parks factions in the International Association of Bridge and Structural Iron Workers at the convention this forenoon. President Buchanan had scarcely called the convention to order in regular session, when the Parks crowd expressed a desire to ignore the proceedings of their own rump convention and took a formal vote on the motion to reconsider the vote by which Daniel Brophy, who held a proxy from Scranton, Pa., had been seated. Brophy was unseated by a good majority. The convention was formally organized and stopped long enough in their quarrels to listen to the annual address of President Buchanan, which was to have been delivered Tuesday.

COMMISSIONERS APPOINTED.

Springfield, Sept. 26.—Governor Yates to day appointed the following as members of the Illinois board of commissioners for the purchase and erection of the statue of Frances E. Willard, which is to be placed in the capitol at Washington: J. J. Mitchell, of Chicago; S. M. Fry, of Evanston; W. R. Jewell of Danville; Mary E. Metzger, of Moline, and Anna E. Gordon, of Evanston.

CHICAGO CENTENNIAL.

Chicago, Sept. 26.—Celebration of Chicago's centennial anniversary began to day and will continue six days. The program prepared by the executive committee contains special feature for each day. A great number of visitors is anticipated. The streets present a gala day appearance and public buildings and business houses are elaborately decorated.

CONFESSED.

Jasper, Ind., Sept. 26.—Mrs. Nellie Anderson confessed just before her death to day that she was one of the party who killed Stanford Freeman in 1885, the night before he was to be married. She loved Freeman and one of the men in the party loved Freeman's intended wife. Upon Freeman's refusal to marry her the party attacked Freeman. The woman who accompanied the party was afterwards murdered lest she betray the murderers. One of the men is dead and the other is now in the Tennessee penitentiary.

WILL NOT RESIGN.

Columbus, Ohio, Sept. 26.—Judge Grosscup, of Chicago, who is visiting in Columbus, said to night he will not resign from the United States circuit bench to accept the position of general counsel of the Northern Securities company or to represent the company in pending litigation against it.

Paris, Sept. 26.—The French foreign office declares any negotiations with Great Britain on the subject of Morocco do not go beyond the question of general good and understanding. Officials flatly deny that France is entertaining schemes for a protectorate over or conquest of Morocco.

WARSHIPS WILL REMAIN

SITUATION AT BEIRUT REGARDING UNCERTAIN.

Nothing Like Permanent Order Has Been Established—Refugees Are Slaughtered By the Turkish Troops.

Washington, Sept. 26.—The withdrawal of American warships from Beirut seems unlikely for the present in view of a cablegram received at the state department to day from Minister Leishman at Constantinople stating that although his advice from Beirut report the situation quiet just now, nothing like a permanent order has been established and the state of affairs there may yet be regarded as uncertain.

Sofia, Bulgaria, Sept. 26.—The personnel of the sultan's new Macedonian commission is alleged here to be an indication of the insincerity of the port's intentions. With a single exception none of the members has any prominence or influence. The fact that the Bulgarian population of Macedonia is given only one representative is held here to show the porte has not accepted the demands made by the Sofia government.

Then negotiations between the porte and Sofia are reported to be still proceeding, but the situation appears to remain unchanged. In view of the fact that the powers decided to answer the Bulgarian note, it is doubtful if next week's meeting between the car and Emperor Francis Joseph will cause any material change of policy.

SAFE BLOWN

Thebes, Ill., Sept. 26.—The safe in the office of C. McDonald & Co., contractors, was taken from the building by unknown persons last night, robbed of its contents and supposedly dumped into the Mississippi river. It is reported the safe contained a large sum of money and valuable papers. The two young men leaving the office at night were decoyed away by a note purporting to have been written by some young women. When they returned late at night without having seen the women, they discovered the office had been entered and the safe taken. Police believe the safe was loaded into a boat, taken down the river, blown open and then thrown into the river.

STARTING MILLS.

Minneapolis, Sept. 26.—The mill owners have started two more mills and are gradually getting men to take the places of the strikers. The final and definite refusal of the owners to arbitrate on the ground that they had already made all concessions possible, if business is to be run at a profit, caused both sides to settle down for a long struggle.

Springfield, Ohio, Sept. 26.—The plant of Wickman, Chapman & Co., the largest plating plate manufacturing in the world, burned to night. The fire was caused by an explosion of gas in the drying kiln. Loss, \$100,000.

Springfield, Sept. 26.—Fire at the Black Diamond coal mine, south of this city, to night destroyed the top works and is now burning in the mine, where it may burn for days. Two hundred men are out of employment.

BURIED UNDER STEEL.

DEFEATED LOMBARD.

Champaign, Sept. 26.—Illinois to day defeated Lombard 43 to 0. It rained during the game. Lombard could do nothing with Illinois' heavy backs. Lombard had the ball only once during the game, securing it on a fumble. Illinois played fast ball, scoring at will.

Adams, formerly assistant secretary, was elected secretary; Roosevelt Miller, re-elected chairman of board of directors and A. J. Farlin, re-elected president of the company.

ILL TREATMENT

Americans Refused Protection or Redress by Authorities of Nicaragua.

Washington, Sept. 26.—Additional information obtained at the state department about the trouble near Bluefields, Nicaragua, is to the effect that a number of American citizens have suffered ill-treatment on the island of St. Andrews, forty miles from Bluefields, and local authorities have refused them protection or redress. The matter was reported to the state department by Edwin W. Trimmer, American agent at Bluefields, and at his suggestion the Nashville has been ordered from Pensacola to St. Andrew. State department officials say they do not anticipate serious trouble.

CHICAGO CENTENNIAL

Chicago, Sept. 26.—The centennial celebration of the founding of Chicago was formally opened to night when a ton or two of red fire powder was burned on street corners, in an attempt to give a realistic imitation of the great Chicago fire.

To night's conflagration was not exactly the success hoped for, because of the heavy storm which prevailed throughout the time for burning the red fire. Rain fell in torrents, wind blew half a gale and nearly all the people save the man whose business it was to fire the red fire sought shelter indoors. Between the high wind which blew half his powder away and rain that soaked the balance of it, in thirty seconds, the red fire man had difficulties of his own. Notwithstanding all this, however, a vast amount of crimson blaze was produced and the result was fairly satisfactory. A large number of Indian descendants of tribes that formerly lived on the present site of the city are encamped in Lincoln park and will remain throughout the celebration, which is to last, with intervals of more or less intensity, until next Thursday night. There are to be aquatic sports in Lincoln park, parade, receptions to old settlers and banquets.

Many thousand guests have already arrived, among them thirty members of the Cleveland, Ohio, city council. Nine historic tablets were put in place during the day.

Mrs. Davis' condition is serious."

A BUILDING COLLAPSED

AT THE PLANT OF WESTERN ELECTRIC COMPANY.

One Man Killed and Seventeen Others Seriously Injured—Accident Caused by Trusses Giving Away.

Chicago, Sept. 26.—A Petro, a workman, was killed and seventeen others injured by the collapse of a portion of the unfinished building to day at the plant of the Western Electric company. Of the injured Barney Kragerl and August Schwan were seriously hurt and may die. The others will recover. The accident was caused by the breaking of the trusses which supported the steel girders. When these fell the south half of the roof fell in upon about two score of workmen, injuring nearly half of them. About 250 men were employed in other parts of the building and the crash caused a panic among them. Several sustained slight injuries in jumping from windows to the ground.

EXPRESS PRISONER

Boston, Sept. 26.—The distinction of being the first prisoner ever sent by express and half way across the continent at that, undoubtedly belongs to Floyd T. Ferris, who arrived here by American express from Columbus, Neb., enroute to Lynn, where he is wanted for larceny from the company which transported him. Ferris was willing to return and was entered upon regular way bill as "one man" consigned to "police, Lynn, at owners risk." He was placed in an express car with a messenger as guard.

EMBEZZLERS.

Bloomington, Sept. 26.—Walter Crandall to day pleaded guilty to four indictments for embezzlement of \$12,000 from the Modern Woodmen, while serving as clerk in the head office at Rock Island. He was given an indeterminate sentence to the penitentiary. Crandall's speculations consisted in drawing orders for payment of dummy claims. The mortuary department of the order declined to prosecute Crandall when the bondsmen made good the shortage and the state's attorney prosecuted the case.

Washington, Sept. 26.—Through an order dismissing him from the service, it became known to night that James H. Beatty, fifteen years assistant disbursing clerk in the office of the auditor of the war department, has been found short \$300 in his accounts. The shortage was made good by relatives in Illinois and Beatty was not prosecuted. He is said to have at one time resided in Mattoon, Ill.

SLAUGHTER REFUGEES.

Monastir, Macedonia, Sept. 26.—Via Sofia, Sept. 26.—Turkish troops continue to slaughter refugees who return to their former homes at invitation of the government, which promised them protection. Near the village of Zlatan in the neighborhood of Resna, troops found fifteen returned refugees working in a field. They bound their hands, drove them into a ditch and massacred fourteen. One of them survived. Refugee women subsequently discovered the bodies and carried the survivor before the lieutenant governor of Resna, who refused to hear their story.

ODD FELLOWS.

Baltimore, Sept. 26.—The sovereign grand lodge of Odd Fellows adjourned sine die to day to meet in San Francisco next year. Brown, of South Dakota.

POLICEMAN SHOT.

Chicago, Sept. 26.—Policeman Dennis Fitzgerald was shot and fatally wounded early to day in Michigan boulevard by one of two negroes whom he had stopped. No arrests.

Of the Operations of the Dead Letter Office for the Present Fiscal Year.

Washington, Sept. 26.—The annual report of the operations of the dead letter office for the past fiscal year shows total receipts of something over 15,000,000 pieces, the largest in the history of the office, exceeding those of the preceding year by \$50,000 pieces. Eight million, eight hundred and ninety-five, two hundred and five pieces were opened. The sum of money found in the opened letters was \$48,634, but this sum included money (generally coin) found lost in the mails or in postoffices and consigned to the dead letter office. Commercial paper found, such as drafts, checks, money orders, etc., represented the face value of \$1,433,563. The number of merchandise parcels received was 254,560, which were restored to the owners as far as possible. Letters which contained postage stamps numbered 240,555. Domestic misdirected letters received, 554,201; letters held for postage, 131,302. Under the regulations deliverable merchandise matter is to be hereafter held for one year instead of two, as formerly, before being sold.

BLAKE TALKS

Omaha, Sept. 26.—J. Y. F. Blake, commander of the Irish brigade in South Africa during the Boer war, was in Omaha to day. He charged that certain leaders of the Clan-na-Gael in the United States have a secret understanding with the British government. They are he asserts, traitors to the Irish cause, and have been since the inception of the Boer war. "I badly charge," said Blake, "that certain leaders had an understanding with Joseph Chamberlain when he visited the United States on the eve of the war. It was in consequence that Chamberlain returned to England and announced no one need fear the Irish in the United States. It was in consequence that they expelled from the clan every member who enlisted in my regiment. That they expelled every member who even suggested the destruction of the British mule camp at New Orleans. These men have squandered over \$1,000,000 of the Irish funds, for which they have made no accounting."

Governor Cummins Addressed 2,000 People on the Principles of Protection as Against Free Trade.

Des Moines, Iowa, Sept. 26.—Gov. A. B. Cummins opened the Iowa Republican campaign here to night before 2,000 people in the auditorium. The meeting was under the auspices of the Polk County Republican club, the president of which is Col. A. B. Shaw, who presided.

Cummins said he hoped the outcome of the election this fall would demonstrate to the nation that there are 100,000 more men in Iowa who believe in the principles of protection than believe in free trade; who believe the Republican way of dealing with trust evils is better than the Democratic way, and who believe Theodore Roosevelt represents the highest type of American citizenship, than believe he does not. The governor said since the Democratic platform did not mention state affairs he would pass state issues until a later speech, and devoted his entire time to the defense of the principle of protection, as opposed to the doctrine of tariff for revenue only, which he defined as free trade. He predicted reciprocity, that in trade arrangement and agreement, will become the most considered of all public questions within the next quarter century.

Every member of the famous organization so well known in this vicinity will remember the deceased. He went out as captain of Company A and was successfully promoted until he was mustered out colonel of the regiment and from all accounts he made a good officer. The funeral will be conducted Tuesday afternoon and Captain Lamb says half fare rates have been secured on the Wabash for all who wish to attend and doubtless many of the veterans who fought under the dead officer will be glad to go.

CRUELTY TO ANIMALS.
Jacksonville is not noted for its cruelty to horses, most of our drivers are kind to the noble beast, and nearly all the horses upon our streets show that they are well fed, well housed and well groomed. Some delivery horses are driven too hard, mostly by thoughtless boys. Owners should caution the drivers. Some of the coal teams are too heavily loaded and when they cannot pull up some inclines, or through some soft places, then some drivers whip the poor dumb animals unmercifully. Some other loaded teams are ill-treated; a few with lighter work, are driven hard too long, and in a few cases lame horses are punished severely, as can be seen by the welts from the whip.

BURGLAR EXPERIENCE.
Oliver Criswell, formerly of Franklin, now of Trinidad, Colo., had a thrilling experience with burglars recently. He had been in Colorado two years for the benefit of his health and was working in a hardware store where he slept. He was awakened last Sunday night by persons trying to enter the store and succeeded in killing one of the burglars and severely injuring one of the others.

THE PROPER TREATMENT FOR A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied a complete cure has been effected in less than one week's time and in some cases within three days. For sale by all druggists.

COMES MONDAY.

Lovers of melodrama regret that there are so few musical numbers and specialties introduced in the plays, but probably they have not found the reason, which is this: The vaudeville field is a tempting one to any artist who has a specialty to exploit, as it means high salaries and less routine work. Consequently managers find it a difficult task to compete with the "continuous houses." "A Little Outcast" is a marked exception, as the management out-priced the vaudeville managers and have secured artists who have some very clever specialties. They are interspersed through the acts with good effect and give an added zest to the production. "A Little Outcast" will be seen at the Grand Monday, Sept. 28. Prices 25, 35, 50 and 75 cents.

SPECIAL NOTICE.

An attractive wax European figure, most interesting to the little tots, will be exhibited in the millinery show window at Herman's to-morrow and Tuesday. Don't deprive the little darlings of witnessing the attraction specially purchased for Herman's grand extraordinary fall opening.

HISTORY CLASS.

One of the well established literary organizations of the city is the History Class, which holds semi-monthly sessions. The young ladies who compose the membership have determined to study Dickens from the present date until Christmas and have outlined the following program:

Oct. 2, David Copperfield, leader, Miss Carter; Oct. 16, Tale of Two Cities, leader, Miss Crisler; Oct. 30, Oliver Twist, leader, Miss Rankin; Nov. 13, Our Mutual Friend, leader, Mrs. Waddell; Nov. 27, Nicholas Nickleby, leader, Miss Ward; Dec. 11, Dombey and Son, leader, Miss Parrott. The plan of study will appear from the following outline, which is to be applied later to some works of Scott, Eliot and Thackeray:

Plot—First, What was Dickens' special investigation to write the novel? Second, sub-plot: a how many; b. how do they bear upon the main plot?

Environment—First, Description of a times (historical resume), b. location. Second, Impromptu character sketches of all the principal characters.

The officers of the class are: President—Mrs. Wood Terry; Vice President—Miss Maybelle Parrott; Secretary—Mrs. Frank Waddell; Treasurer—Mrs. Albert Rankin. The following are members: Miss Grace Carter, Miss Ethel Crisler, Mrs. Nell Duckels, Miss Ida Marsh, Miss Maybelle Parrott, Miss Charlotte Sykes, Miss Elizabeth Sykes, Mrs. Wood S. Terry, Mrs. Albert H. Rankin, Miss Emma Rankin, Miss Ellen Russell, Miss Grace Ward, Mrs. J. W. Walton, Miss Josephine Morey, Miss Laura McDonald and Mrs. Frank J. Waddell.

A large force of competent salesladies will take much pleasure serving all that attend Herman's grand fall millinery opening to-morrow and Tuesday.

SUCCESSFUL FEEDING.

Among some of the best cattle feeders of the county are Messrs. T. B. and Frank Orear, who have just marketed 102 of about as fine animals as go out of the county. They bought them ten months ago and and roughed them through the winter, beginning to feed corn about the first of March and that on the grass and not in loss. The cattle gained on an average 540 pounds each in the ten months and showed magnificently when they went off. They were fed corn the old-fashioned way and the owners had plenty of hogs to follow them. The cattle were well bred natives and bought right.

KILLED HIS WIFE.

Youngstown, Ohio, Sept. 26.—A. B. Brownlee, aged 60, shot and killed his wife, aged 52, to night and then committed suicide. Ill health and despondency is supposed to be the cause.

MR. WARD HONORED.

Charles H. Ward feels very proud of an invitation he has just received to be present at the second annual convention of the managers and agents of the Travelers' Insurance company of Hartford. The invitation is a reward of merit and was earned in competition with agents all over this country and Canada. Mr. Ward is the only representative of the company in the state of Illinois to receive such an invitation and he is naturally very much pleased to know that he has been so successfully in such a large field of competitors. The invitation list was limited to fifty and the competition was based on the amount of business done during a period of six months. Mr. Ward stood eighth in the list and all policies written had to be in the preferred class to count in the contest. The convention will meet in Hartford, Oct. 4, and Mr. and Mrs. Ward expect to attend and will also visit in Boston, New York and other eastern points.

What you should do to be successful. Where you should go and whom to avoid. When to buy, sell, exchange, etc. He gives you the secret how to overcome your enemies, family troubles or financial difficulties; how to win the love of the one you desire and cause a speedy happy marriage with the one of your choice. DR. SHORT'S WORK.

It was a pathetic moment in the closing session of the Illinois conference at Quincy when Dr. W. F. Short announced his purpose to retire from the active work of the ministry. When he had taken his seat brethren from different parts of the room, both the old and the young, rushed to the platform taking him by the hand while a verse of some hymn was started, the writer of this note being too greatly affected to observe what the verse may have been. It was an incident that moved strong men to tears. Dr. Short is a man admired and beloved for his character and for his work's sake and has had an enviable career in our midst. A unique career, indeed, for a Methodist itinerant; for his home for 35 years has been in Jacksonville—at Grace church, at the college, at the Blind, and two terms as presiding elder; and filling every post with commanding ability and growing acceptability.

He enters upon a well earned rest, his bow still abiding in strength. He will not permit himself, nor be allowed to rust out. Social demands, matrimonial affairs, funeral occasions at which none are more adept or consoling, and pulpit supply will engage him.

In parting with Dr. Short, who had reached the sixth year limit of term as presiding elder, the preachers of West Jacksonville district presented him a purse of \$50 in gold, commemorative of his fifty years of faithful service to the church.

A vast host of friends will wish that for him and his estimable wife this scripture may be fulfilled: The path of the just shineth more and more unto the perfect day.

On Monday evening the Epworth league will give its annual reception to all students of the city. This event has always been largely attended and the social this year should be one of the most successful. Come, bring your friends and spend an enjoyable evening with us.

The league will meet in business session Tuesday evening at 7:30 prompt. Election of officers and regular routine business. Every member is expected to be present.

L. C. & R. E. Henry will have an opening every day showing something new and beautiful in trimmed hats and street hats.

ILLINOIS WINS

Winchester Vanquished by Local Eleven—Score 13 to 0.

The Illinois college foot ball eleven went to Winchester Saturday, where they played the Winchester Athletic club in the afternoon. It was the first game of the season for both teams and the halves were reduced to 15 and 20 minutes. The college fellows won an easy victory, although the close score indicates a very even match. Their goal was never in danger and at no stage of the game did their opponents have the ball within 50 yards of their goal. Coach Calhoun witnessed the contest and was well pleased with the work of the squad and Manager Wylder expressed satisfaction with the showing made.

Captain Crookhouse used several new men during the game and the lineup was as follows: Ellers, c.; Kirby, l. g.; Cowdin, r. g.; Conover and Leland Wemple, l. t.; McDonald, r. t.; W. Harmon and M. R. Harmon, f. b. and Oren, r. h. The touchdowns were made by Crookhouse and Harmon; the only goal was made and the college fellows missed one goal, making the score 13 to 0. The Winchester team averaged about 170 pounds and the Illinois eleven about 185 pounds. The officials were: Dugan, Winchester, referee; Walker, Marion Sims, umpire.

Special display Monday and Tuesday of trimmed hats at L. C. & R. E. Henry's.

Y. M. C. A. NOTES.

Throughout the world to day will be observed the Bible Study Rally day by the Young Men's Christian associations and the local association has arranged a very interesting service. Rev. Mr. McCoy, who spent seven years in China, will speak on "The Bible in Other Lands."

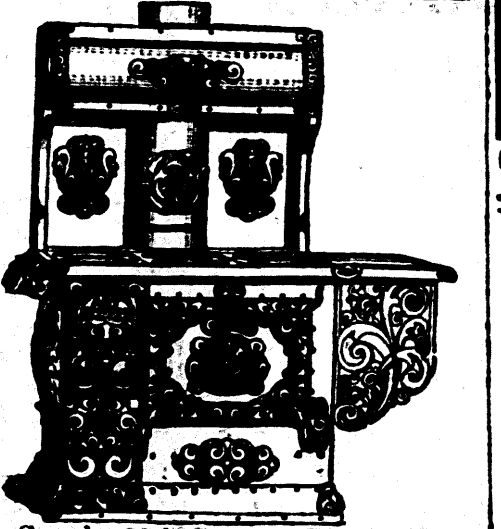

We are glad to announce that the services of A. C. McLaughlin have been secured to teach the following studies in the night school, which opens Oct. 5: Bookkeeping, shorthand, arithmetic, writing and spelling. Last year there were 30,000 young men enrolled in the educational classes of the Y. M. C. A. One young man in the local association doubled his salary in six months by attending the night school. Arrangements have been made whereby those who are thinking about taking up a course can consult the teachers Oct. 1, 2 and 3. Many inquiries are coming in and already the enrollment is larger than last year.

A large number of juniors came this morning and took their examination and Monday at 4:30 will be the next class; also all who have not received their examinations can meet the physical director at that time. Working boys' class at 7:30 p. m.

Let everybody turn out and attend Herman's grand millinery opening to-morrow and Tuesday.

The L.D. Brown Black Silks

We are pleased to announce that we have received the agency for the justly celebrated L. D. Brown Black Silks for this city. We took the sale of these popular silks after a very careful investigation of the goods, for two good reasons; first, because we had to admit that the L. D. Brown Co. used firmer silk in their goods than other makers; second, that the L. D. Brown silks were finished in a deeper, richer black than any other silks we could secure. The first shipment of these silks, consisting of Tafeta and Peau De Soie weaves, has just reached us and we invite women who want the very best in black dress silks to see these made by the L. D. Brown company.

AT THE GRAND.

Weber & Fields mighty monarch of merry musical plays, "Hoity Toity," which the theatre goers of this city will have the pleasure of seeing at the Grand Saturday, matinee and night, is unquestionably the greatest whistling success of the age. The saying that when an audience leaves a theatre in a whistling mood it insures the success of a musical play, is strikingly exemplified in the unprecedented success of "Hoity Toity."

SAD TRAGEDY

Woman Who Took Strychnine at Crescent Dead—Identified as Mrs. Esther McCabe.

Mrs. Esther McCabe, the woman who took 15 grains of strychnine at the Crescent hotel Friday evening with suicidal intent, accomplished her purpose and after the physicians had worked over her four hours her case became hopeless and she passed away about 6 o'clock Saturday morning, never having regained consciousness.

Her identity was established through her ring, the Springfield papers being the channel through which her relatives learned of her death.

At the solicitation of her mother-in-law, Mrs. Test, and her sister, Mrs. Schultz, Mr. W. N. Braddock, of Springfield, came to this city on the morning train and identified the remains as those of Mrs. Esther McCabe, of Springfield.

The friends of the deceased were expected on the 1:43 afternoon train, but latter Coroner Reynolds, who took charge of the body after death had ensued, received from Mrs. Jennie Schultz, a sister, a telegram asking that they be sent to Springfield in care of Undertaker Charles Bisch and they were forwarded on the 8:54 Wabash train.

Coroner Reynolds summoned the following jurors who met in the circuit court room at 2 p. m. and held the inquest: W. D. Mathers, foreman; J. K. Long, clerk; Charles H. Woods, James Stout, Frank English and James Morrison. The first witness examined was Edwin J. Sanders, drug clerk in the Williamson drug store, who testified substantially as follows: "On Thursday morning between 11 and 12 o'clock a lady whom I identified to day as being the same as is at Anderson's undertaking establishment, came into the store and bought half ounce of arsenic of me, saying she wanted it to kill some cats. I sold it to her and as is the custom when any poison is sold registered the sale, she giving me her name as Mrs. Halliday. She said her neighbors cats came in at her window whenever she left them open and she wanted to get rid of them. The next day (Friday) about 9 or 10 o'clock the same lady came in the store and said the arsenic did not kill the cats, but simply made them sick, and asked for some strychnine and I sold her 15 grains. I understand the same woman came in the store Thursday evening and bought some morphine tablets from Mr. Grassley, another clerk in the store. She was a nice appearing lady and there was nothing her manner or appearance that indicated that she wanted the articles for any other purpose than what she had named."

The next witness examined was W. N. Braddock, of Springfield, who came here at the request of friends of the deceased to identify her body. He stated that he was an ex-policeman of Springfield and that the body he saw at the Anderson undertaking rooms he would identify as the body of Mrs. Esther McCabe. Recently she had lived in Springfield, but until the last few months she had resided in Spokane Falls with her husband to whom she had been married seven years or more. He stated that he had known the deceased from childhood and that their families had lived as neighbors to one another. He last saw the deceased Sept. 7 when he passed her on the street in Springfield. She came back a few years ago from Spokane on a visit and I understand she returned a few months ago to live with her sister, Mrs. Jennie Schultz. She has a brother in Springfield by the name of James Warner, a mail carrier. I don't think her mother is living. The deceased had been working for a while at the Watch factory. Understood she quit work last Saturday and told the foreman she was going to East St. Louis to visit her brother. I came here at the request of the mother-in-law of the deceased to see if I could identify her, having read the account of her suicidal intent in one of the Springfield papers.

The other witnesses examined were Drs. Herbert Potts and Allen King, who testified that they were called in the case by the proprietor of the Crescent and the other facts testified to were substantially as reported in Saturday's Journal.

Mr. A. C. Babenhause also testified before the jury regarding the woman registering at the Crescent Tuesday and his testimony was in accordance with the facts as published. The verdict of the jury was that the deceased came to her death by strychnine poisoning administered by her own hand.

See Herman's attractive show window display to-morrow.

"Clothes Don't Make the Man"

WELL, perhaps not altogether, but they frequently go a long way towards it. Haven't you noticed how much better you have felt when well dressed, when you had on a good looking, well fitting suit; how much better able to face the world as a man; in other words, how much more manly you felt?

It is always so; you can approach a man on business with far more assurance, and you will make a stronger impression on him when you are correctly dressed. Many a man has begun his upward career in business with a smart suit of clothes, and if you buy the right kind, they don't really cost so much.
